SERVICES ARE HELD

Rosh Ha-Shana, the Jewish New Year, which began at sunset last night, was observed at a service at the Odd Fellows' Hall by the Hebrew residents of Honolulu. Mr. A. M. Mellis read the special services both in English and in Hebrew. This morning at 9 o'clock another service will be held and a week from Monday will be the Day of Atonement.

The Hebrew services last night were read from a scroll formerly belonging to King Kalakaua, loaned by Prince David. The English special services were those by Rabbi Krauskopf. Memorial services for the late Isaac Noar were a part of last night's ceremonial and many of his manifold deeds of unostentatious charity were recalled. Among other incidents of his generosity was the supporting of two men in the Queen's hospital when they were unable to pay for medical attendance. Mr. Noar's benefactions never became public property, but since his death the gratitude of those he helped has brought many kindly acts to the light.

RESERVOIR WATER IS UNFIT TO DRINK

Analyst R. A. Duncan yesterday made a report to the Board of Health on the quality of Nuanuan water. He found it contaminated by 'sluicing' operations to such an extent as to render it unfit to drink. He gave an analysis of the water in the reservoirs and after recording this stated: "The contamination due to the sluicing operations thus consists in an increase of double the solid matter and a very large increase in highly objectionable organic matter. The highest amount of organic matter found previously is about two-thirds less than the present content. "In reference to the probable injurious effects of this water I may say that the use of water contaminated with earthy and organic matter may possibly result in disease."
